

## **Financial and Insurance Policy**

We are committed to providing our patients with high-quality dental care that fits into each patient's budget. We offer a variety of payment options to meet your needs. For your convenience, we accept the following methods of payment: Cash, Check, Debit Card, Visa, MasterCard, American Express and Discover. We also offer interest-free and low-interest extended payment plans through CareCredit.

We will always inform you of your financial responsibility prior to treatment.

If you have questions about financing or payment please feel free to ask a staff member!

## **Insurance**

We are in-network with many insurance carriers. You may also choose to use your PPO policy with us even if we are considered out of network for your plan.

If insurance covers your treatment you will receive the benefit of reduced personal costs. Insurance policies vary, so we review all insurance to determine the best course of action.

Once treatment has started, we will assist you by filing your claims with the insurance company. This is done as a courtesy to you. Treatment costs not covered by insurance are the responsibility of the patient or designated financially responsible individual.

Our front desk staff is available to work with you to make sure you obtain the maximum benefit due to you from your insurance plan.
